Our Gelato Ingredients Made in Thailand

Our Bases

Gelato, Sherbet, Sorbet, Soy Regular or Sugar-Free

Express Base

Nothing could be easier to use than our Express Base. It contains everything needed including lots of delicious NZ whole milk powder and extra milk protein. No pasteurizer is needed! Just add bag contents to 2L just-boiled water, mix, chill, add to batch machine. Add flavor if needed. Many flavors come as a pre mix. Express base is perfect for startups because it is so easy to use.

Add-a-Cow Base

This is a classic base producing rich, creamy, fluffy gelato. It costs about 1/3 the cost of Express Base, saving you freight and duty. You add your own milk, cream and sugar. In countries where these items are inexpensive the savings can be considerable!

Our Flavors

Our all-natural flavors are made with lots of real fruit, real vanilla and premium quality nuts. The flavor concentrates and aroma is made in Italy. We use the same formulas as are used in Italy but labor is so much cheaper in Thailand—we pass those savings on to you!

Our of our bases and flavors are available in regular or sugar-free, which I suitable for the health-conscious and diabetics. **YOU CAN'T TELL THE DIFFERENCE!**

Our Gelato Ingredients Made in Italy

We have been going to ice cream trade shows for a decade and every ingredient manufacturer wants to sell us. Some have offered fabulous discounts, but we make our selection based only on quality. Some companies make some great flavors and the rest are "OK." But our genuine Italian products are all first-class!

Italian Bases

Our seven Italian bases offer many choices for the sophisticated gelato chef. Hot and cold mixes, extra fat for richness and extra overrun choices are available. You can use either fresh milk or powdered plus hot water.

Italian Flavors

Our Italian flavors can't be beat! Many of the fruits flavors are made from fruit varieties specially deigned for use in ice cream. The northern Italian nuts such as hazelnut and pistachio are absolutely premium quality and are made in small batches for freshness.

We have worked together with our Italian partners for years and get rock-bottom prices, which we pass to you!

Thai-Italian Which to Choose?

Before making your decision, ask your freight broker about freight rates and duty from Thailand and Italy. In some places such as Asia Thai products have a MUCH lower duty. In others, Italian products have a lower rate.

Ingredients are shipped within two weeks of receiving your 50% deposit. Balance due when ready to ship. Warranty: 1-year.
